Division Description

The nine Health Education Programs include:

1. The WIMU (Washington-Idaho-Montana-Utah) Veterinary Education Program provides access to a veterinary medical education through a cooperative agreement between the University of Idaho and Washington State University.
2. The WWAMI (Washington, Wyoming, Alaska, Montana, Idaho) Medical Education Program provides Idaho students with the opportunity to attend medical school through a cooperative agreement with the University of Washington.
3. The IDEP (Idaho Dental Education Program) provides access to dental education for Idaho students through a cooperative agreement between Idaho State University and Creighton University in Omaha, Nebraska.
4. The University of Utah Medical Education Program provides medical school opportunities for Idaho.
5. Idaho's three Family Medicine Residency programs (located in Boise, Pocatello, and Coeur d'Alene) provide the final three years of family physician residency training and encourage newly graduated medical doctors to practice in Idaho.
6. The Boise Internal Medicine (BIM) residency program allows training at rural and underserved sites in Idaho, such as small, non-affiliated offices and community-based training sites.
7. The Idaho Psychiatry Residency Program offers training for residents who spend the first two years in Seattle (University of Washington) and the last two years in Boise. Clinical rotations occur at the Boise VA, St. Alphonsus, and St. Luke's medical centers, as well as at rural rotations around the state.
8. The EIMR (Eastern Idaho Medical Residencies) program allows training at rural and underserved sites in eastern Idaho, based from the Eastern Idaho Regional Medical Center in Idaho Falls.
9. The Bingham (Bingham Internal Medicine) residency program allows training at rural and underserved sites in eastern Idaho, based out of Blackfoot. As the result of losing certification from the Accreditation Council for Graduate Medical Education, the residency program based in Blackfoot will not continue beyond FY 2020.

Part I – Agency Profile

Agency Overview

The W-I (Washington-Idaho) Veterinary Medicine Program is administered in Idaho by the Head of the Department of Animal and Veterinary Science, College of Agricultural and Life Sciences, University of Idaho. Originally established in 1974, the W-I Program annually provides 44 Idaho residents with access to a veterinary medical education through a cooperative agreement between the University of Idaho and Washington State University (WSU). The Doctor of Veterinary Medicine (DVM) degree is awarded by Washington State University, College of Veterinary Medicine (WSU/CVM) to students from Idaho. The University of Idaho provides experiential learning opportunities for the majority of the veterinary students who have an expressed interest in production agriculture and who elect food animal production medicine rotations offered by UI faculty throughout the state.

Core Functions/Idaho Code

Idaho Code § 33-3720. Professional Studies Program: Authorizes the State Board of Education to enter into contract agreements to provide access for Idaho residents to qualified professional studies programs, including the Washington-Idaho W-I (formerly WOI) Veterinary Medical Education Program [33-3717B (7)]. The original Tri-State [Washington-Oregon-Idaho (WOI)] Veterinary Education Program was authorized by the Idaho Legislature in 1973.

The University of Idaho (through the Idaho State Board of Education) contracts with WSU/CVM for admission of 11 new Idaho resident students per year; a total of 44 Idaho resident students are supported in the 4-year program annually by the Idaho contract. In addition, the program provides support for students in their 4th year of veterinary school participate in the equivalent of 65, one-month clinical rotations specifically related to food animal production medicine offered by University of Idaho faculty. Faculty members interact with Idaho veterinarians and livestock producers providing education and recommendations concerning animal production, diagnosis and clinical assessment of disease situations.

1. Provide access to veterinary medical education at WSU/CVM for Idaho residents – the current W-I contract reserves 44 seats per year for veterinary medical students with Idaho residency.
2. Assist Idaho in meeting its needs for veterinarians – provide Idaho-trained, Idaho-resident graduate veterinarians to meet annual employment demands for the State.
3. Provide hands-on experiential learning opportunities for senior veterinary students by teaching supplemental core rotations in food animal production medicine and clinical experience, which are offered year-round throughout Idaho.
4. Provide access to referral services for Idaho veterinarians in the areas of food animal production, diagnosis, and clinical evaluation of diseases through conduct of on-farm disease investigations for herd problems as requested by Idaho veterinarians and livestock producers.

1. Residency Expansion, New Residencies

UUSOM, FMR, BIM, Psych, EIMR

The residency programs request a total of \$1,500,000 to increase the number of residents at five residency programs throughout Idaho. This request is made pursuant to the ten-year Graduate Medical Education plan adopted by the Idaho State Board of Education that plotted a course to increase the number of medical professionals needed to serve Idaho's population. These requests include funding for 1.00 FTP and 25 new resident positions at five existing residency programs at a funding level of \$60,000 per resident.

Of the \$1,500,000, the University of Utah School of Medicine program requests \$180,000 for three new psychiatry residents that will serve in Eastern Idaho through a collaboration with Idaho State University. The Family Medical Residency program requests 1.00 FTP and \$60,000 for one new resident for the Rexburg Rural Training Track. The Boise Internal Medicine program requests \$60,000 for one new resident. The Psychiatry Education Residency program requests \$240,000 for four additional residents. Finally, Eastern Idaho Medical Residencies requests \$960,000 for 16 new residents in Idaho Falls (ten for internal medicine, and six for family medicine).
